

THE WEATHER: Showers Thursday; partly cloudy; variable winds.

The Pensacola Journal.

THE JOURNAL'S Want Ad. page is always read by nearly all the people.

VOL. VIII. NO 201.

PENSACOLA, FLORIDA, THURSDAY MORNING, AUGUST 31, 1905.

PRICE, 5 CENTS

WORLD UNITES IN PRAISE TO PRESIDENT ROOSEVELT

Crowned Heads of Europe and Statesmen of America Accord Him the Glory.

STRAIN HAS ENDED

Peace Envoys Adjourned Without Naming Date for Next Meeting.

WORK OF FRAMING PEACE TREATY IS PROGRESSING IN SAME ROOM USED BY PEACE PLENIPOTENTIARIES — COMMERCIAL TREATY WILL BE DRAWN UP AT FUTURE DATE.

By Associated Press.
Oyster Bay, Aug. 30.—The crowned heads of the world unite with distinguished statesmen in America and Europe in according the glory of peace to President Roosevelt. Last night and today cablegrams of congratulation poured in upon the president in a great flood.
Among these were messages from King Edward of England; Emperor William of Germany; President Loubet of France; Marquis Durand, French ambassador to the United States; Ambassador Jusserand, of France; Italian Ambassador Plancher; Chinese Minister Liang Chong of China; Count Cassini, of France; William J. Bryan, and hundreds of senators, congressmen and other high American officials. The president made reply to the most prominent of these.

THE PEACE TREATY NOW BEING FRAMED.

Portsmouth, N. H., Aug. 30.—The great strain under which the plenipotentiaries, attaches, correspondents and summer guests have been laboring is ended. Peace is concluded and only the actual framing of the treaty and the formal signing it remains.

The plenipotentiaries adjourned yesterday without naming a date for their next meeting, and unless some unexpected difference arises there will not be a formal meeting until the treaty is ready for signing.

The Marquess of Salisbury, and De Martens, for Russia, and De Martens, for Japan, have already begun work framing the treaty, working in the same room used for the meeting of the plenipotentiaries.

De Martens says that no second treaty will be made here. Later a commercial treaty will be negotiated, but in the meantime a provision will be inserted in the present treaty giving each country the benefits of "most favored nation" clause in commercial intercourse with each other.

His Given No Notice of Armistice.
Paris, Aug. 30.—The war office at 2 1/2 o'clock this afternoon had sent no notice to General Lindey of the armistice.

PEACE ENVOYS BOTH PRAISED AND CONDEMNED.

Portsmouth, N. H., Aug. 30.—The flood of telegrams which began pouring in upon the plenipotentiaries as soon as the news of peace was announced yesterday continued all day today, some praising and some condemning. Neither side gave out the messages.

No final arrangements have been made for signing the treaty. As soon as the treaty is signed the plenipotentiaries will go to Oyster Bay to thank the president.

(Continued on Third Page.)

PRESIDENT THEODORE ROOSEVELT

TO WHOM THE CROWNED HEADS OF EUROPE AND THE STATESMEN OF AMERICA ARE ACCORDING THE GLORY FOR THE HAPPY TERMINATION OF THE PEACE CONFERENCE

RAIDING BLIND TIGERS IN BRADFORD COUNTY.
Starke, Aug. 30.—Sheriff Hennett arrested and brought in from Ellerbe two negroes, C. F. Page and Ed Slater, charged with running a "blind tiger." At a preliminary hearing before Judge Dike they entered a plea of guilty, and were held under \$500 bond each to the next term of circuit court.

PEACE TERMS AGREED UPON BY JAPAN AND RUSSIA.

1. Russia's recognition of Japan's "preponderant influence" in Korea, with her right to preserve order in the civil administration, give military and financial advice to the Emperor of Korea, Japan binding herself to observe the territorial integrity of Korea and (it is believed) the policy of the "open door."
2. Mutual obligation to evacuate Manchuria.
3. Japanese obligations to restore in Manchuria Chinese sovereignty and civil administration.
4. Mutual obligation to respect in the future "the territorial integrity and administrative entity" of China in Manchuria and to maintain the principle of equal opportunity for the industry and commerce of all nations ("open door.")
5. Cession of one half of the Island of Sakhalin to Japan.
6. The surrender to Japan of the Russian leases of the Liao-Tung Peninsula, including Port Arthur, Dally and the Blonde and Elliott Islands.
7. The surrender to China, by arrangement with Japan, of the branch of the Chinese Eastern Railroad running south from Harbin to Port Arthur and New-Chwang, together with the retrocession of all the privileges obtained under the concession of 1898.
8. The limitation of the Chinese concession obtained by Mr. Rothemann and the Prince Tshitsinsky in 1896, under which the "cut-off" through northern Manchuria was built to connect the Trans-Siberian and the Ussuri Railroads, so as to provide for the retention of the ownership and operation of the line by the Chinese Eastern, but with provision for the eventual substitution of Chinese imperial police for Russian "railroad guards."
9. The grant to the citizens of Japan of the right to fish in waters of the Russian littoral from Vladivostok north to the Behring Sea.

46 NEW CASES AND FOUR DEATHS

New Orleans Yellow Fever Death Rate for Yesterday Was Remarkably Low.

2 PHYSICIANS DIE

Great Controversy Over Origin of Fever is Expected.

GOVERNOR VARDAMAN AGAIN MAKES STATEMENT THAT NEW ORLEANS AUTHORITIES ACTED IN BAD FAITH BY CONCEALING FIRST CASES OF FEVER—BIG BANANA SHIPMENTS.

By Associated Press.
New Orleans, Aug. 30.—The report of the yellow fever situation to 6 p. m. to-day is as follows:
New cases 46, total to date 1878.
Deaths 4, total 211.
New foci 13.

The meteorological conditions apparently had no effect upon new cases or deaths. Following a shower this morning the weather turned warmer and it is likely the low temperature of the past few days is over for the present.

Among the list of stricken to-day are two physicians, making four who have succumbed. The latest victims are Dr. J. T. Wolfe, whose practice is below Canal street, and Dr. La Mar, health officer of St. Bernard parish.

Dispatches to-day say that the Natchez cases are traceable to New Orleans. Governor Vardaman says the Gulfport infection came from Mississippi City and that that place got it from New Orleans before the quarantine was put on, due to the fact that the authorities here acted in bad faith by concealing the fever.

A controversy of large proportions is expected when the fever is past as to who has been culpable.

A shipment of fifty thousand bunches of bananas was made to-day through Port Calmette to the West. One hundred screened freight cars

AN APPALLING AND DISCREDITABLE DISASTER

THAT IS WHAT SECRETARY OF NAVY TERMS THE U. S. S. BENNINGTON TRAGEDY—CAPT. YOUNG AND ENSIGN WADE MUST FACE COURTMARSHAL.

By Associated Press.
Washington, D. C., Aug. 30.—The Secretary of the Navy Department to-day acted on the findings of the inquiry in the case of the U. S. S. Bennington explosion. He disapproved the findings that declare the vessel in "excellent state of discipline and good and efficient condition."
He says the findings make no report respecting the captain of the ship, Lucian Young, and to clear himself, Captain Young must face a courtmartial.

ECLIPSE OF SUN WAS OBSERVED

THREE EXPEDITIONS WITNESSED REMARKABLE SIGHT AT TRIPOLI AND MADE PICTURES OF IT.

By Associated Press.
Tripoli, Aug. 30.—The American, Italian and French expeditions observed the eclipse of the sun here to-day in clear atmosphere. The totality lasted three minutes and four seconds. The shadow bands were particularly distinct, beginning ten minutes before totality. Bailey and Beards were not seen. The Corona was evenly developed.

Prof. Todd, of Amerist College, had the American expedition and took numerous photographs.

awaited the shipment from the steamer Esparita. A second shipment is due September 1 and the work gives employment to many Italians who have been idle for six weeks and are partly dependent on charity.

Three Cases at Vicksburg.
Jackson, Miss., Aug. 30.—The state board of health at noon to-day was notified that the local physicians at Vicksburg had discovered three cases of yellow fever there.

Nothing New at Natchez.
Natchez, Miss., Aug. 30.—No new cases of yellow fever are reported here to-day. The patients have been taken to the hospital and the houses fumigated. There is no excitement here.

ONE MORE CASE DEVELOPS HERE

W. J. Abell, Whose Place of Business, Adjoined Greek Fruit Stand, Has Fever.

DR. GUITERAS HERE

Arrived Late and Will Not Make Statement Till To-day.

DR. PORTER HAS SITUATION IN CHARGE AND HIS STATEMENT TO THE PUBLIC IS MOST REASSURING—FUMIGATION AND SCREENING BEING DONE.

One new case of yellow fever was discovered in Pensacola yesterday. The patient is W. J. Abell who was taken ill Saturday or Sunday, and who is now at the home of Felix Glackmeyer, 216 East Government street, just East of Tarragona street, where he boards. The patient is very ill, though his condition is not considered dangerous. The other three persons affected with the disease are convalescing.

Yesterday afternoon Dr. Guiteras, the famous Cuban yellow fever expert, who has gained a reputation throughout the world, reached the city, and consulted with Dr. Porter and the local authorities during the night. He made no statement, however, preferring to wait until he had personally inspected the cases, which he will do to-day.

Dr. Porter On Situation.

Dr. Joseph Y. Porter, State Health Officer of Florida, who is in charge of the situation and who spent all of yesterday in looking it over and consulting with physicians, was retiring last night when seen by a Journal reporter. Although he was tired he gave out a short statement, as follows:

"There is nothing new of any importance, except that one new case has been discovered. The party is W. J. Abell, who conducted a business near the Greek fruit stand, where one case was located, and who is now at the home of Felix Glackmeyer on East Government street. This case was reported to us by Dr. Bruce, the attending physician, and has been diagnosed as yellow fever. He was taken ill Saturday or Sunday, and is now quite sick.

"As to the Greeks, three of whom had the fever, they are all convalescing slowly, but they are gaining in strength each day."

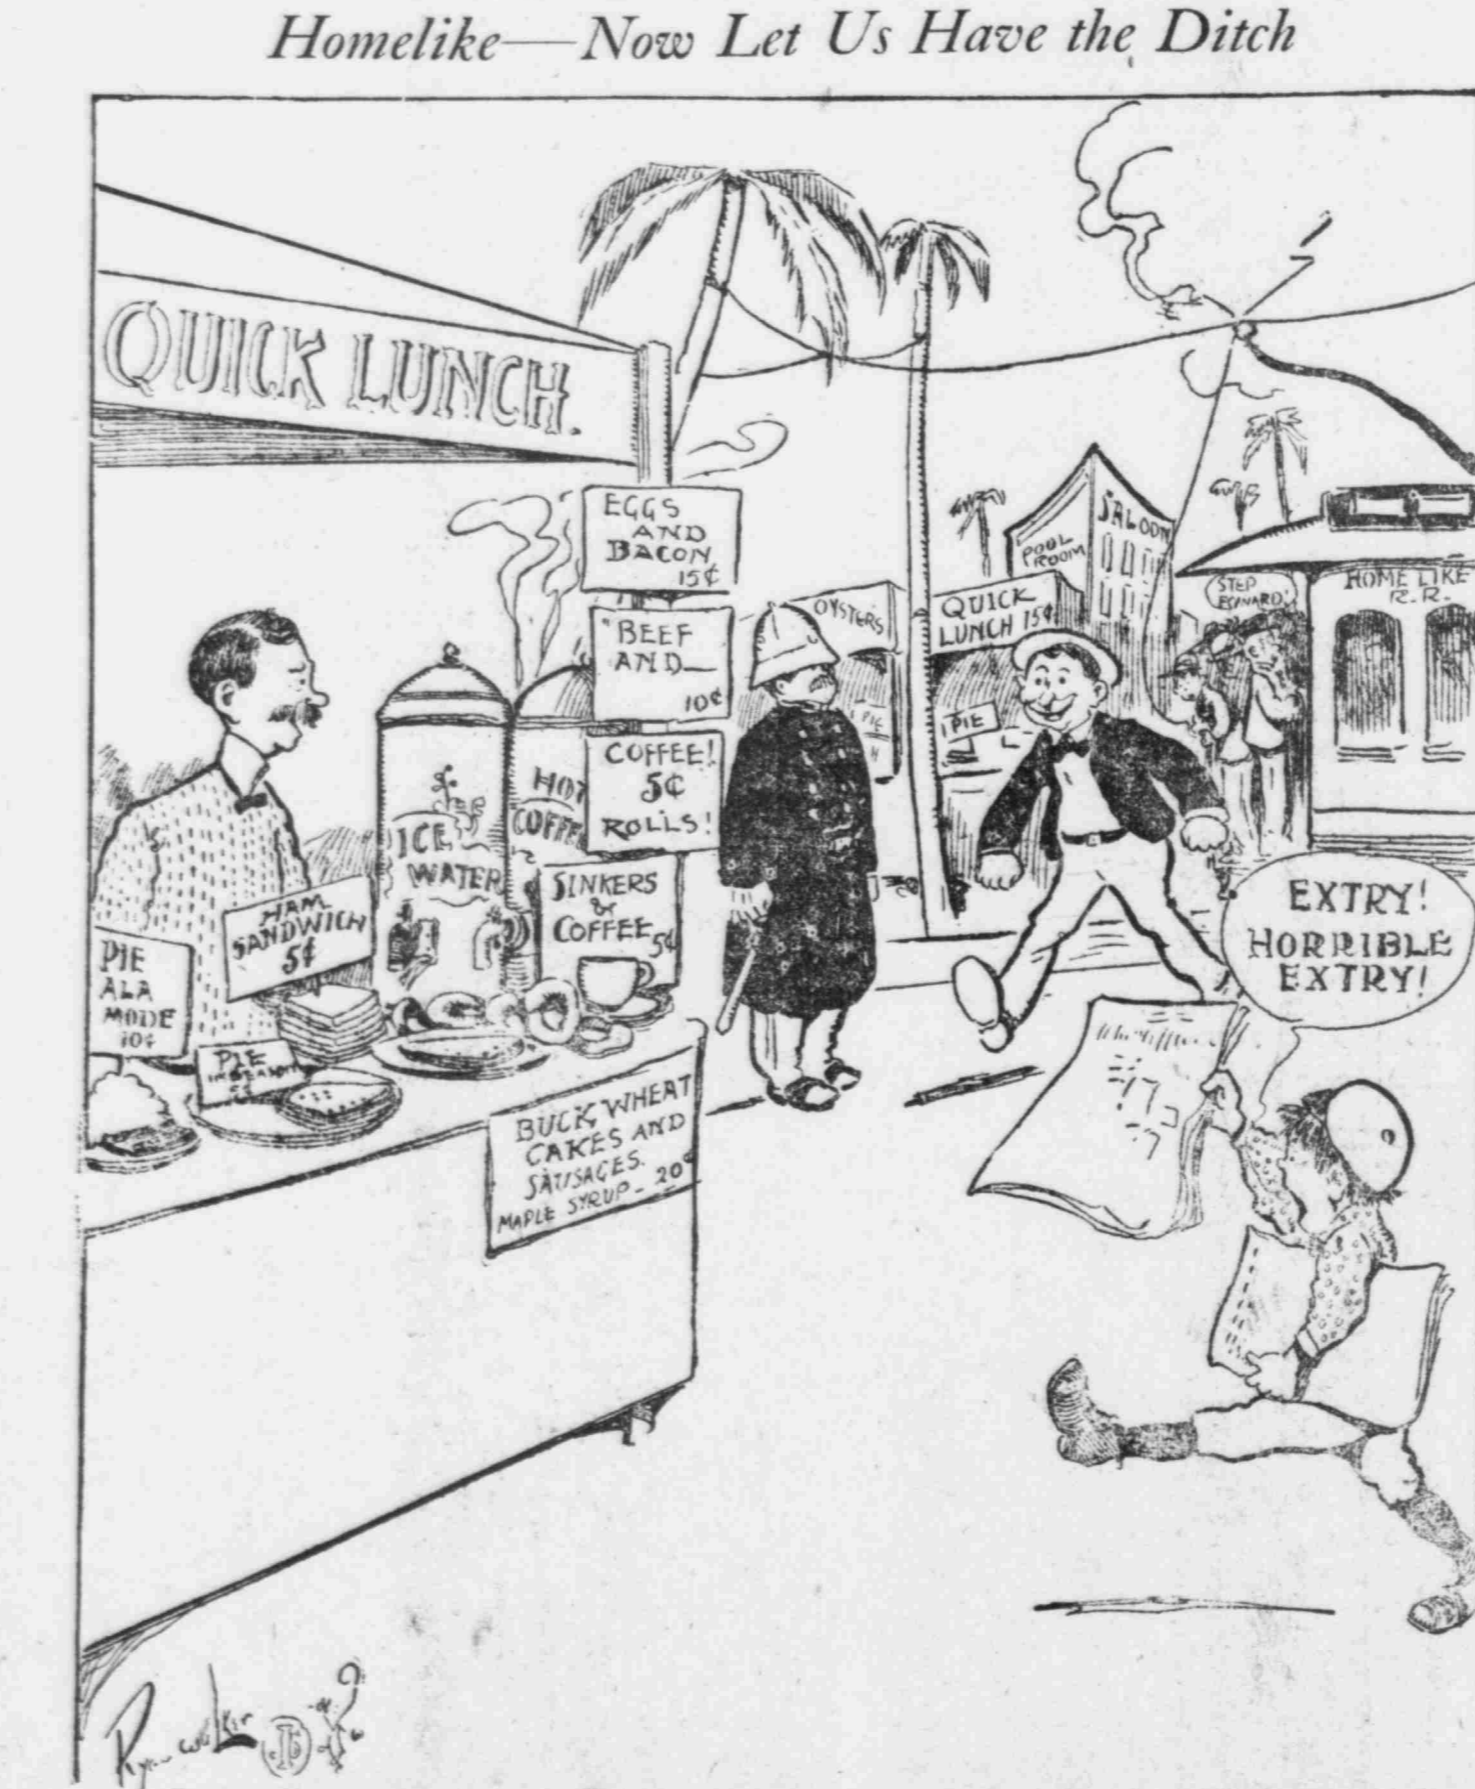

"When asked regarding the coming here of Dr. Guiteras, the yellow fever expert, Dr. Porter said:

"Dr. Guiteras, who has the reputation of a great yellow fever expert, has been in New Orleans for some days delivering lectures before the medical fraternity there on the mosquito and the management of yellow fever. He lays stress upon the fact that a certain species of mosquito is the sole transmitter of yellow fever, and therefore it must be eradicated. To-morrow Dr. Guiteras will examine those who have been declared as having the fever, and will likely give out a statement regarding the same. I would be pleased, as health officer of the state, if the physicians of the city would report to Dr. Guiteras any cases that they may have come under their care, or rather any disease of which they may be uncertain. I do not know how long Dr. Guiteras will remain here, but would be glad for him to stay as long as possible.

"The State Board of Health, in dealing with all cases of this nature, has been honest with the public, and nothing is ever hidden. While the board does not desire to injure any city or town, it nevertheless believes in giving the true facts, that the public may be informed, and this is the policy that is being pursued here. A promise has been made to keep the public informed and this is being done, and will continue, and by following this course the board has the confidence of the public.

"As to the city authorities," continued Dr. Porter, "Mayor Bliss has given me all the assistance possible.

(Continued on Fifth Page.)

THE GOVERNMENT HAS SUSPENDED OPERATIONS ON THE CANAL UNTIL THE PLACE CAN BE MADE MORE HOMELIKE AND UNTIL THE ESTABLISHMENT OF RESTAURANTS WITH AMERICAN FOOD AND PRICES.—News Item.

MANY CALLS FOR INFORMATION MADE

Journal Was Kept Busy Last Night Answering Those Who Wanted Information.

The Journal seemed to be the bureau of information yesterday and last night, judging from the many queries received over the phone from parties who desired correct information relative to the yellow fever situation.

All of the questions asked were cheerfully answered, and all information in possession of The Journal was cheerfully furnished.

Of course it required the services of one of the force for several hours to answer these inquiries, but this does not matter with The Journal. It is prepared to furnish the news to the public, and it does not matter whether the party asking for the information is a subscriber or not. The employees are paid for that purpose and every one is more than welcome to ask about any matter, and can do so with the assurance that the reply will not only be courteous, but all the facts known will be related.

Those who wish to ascertain the latest developments in the fever situation need not hesitate to call up over the telephone, night or day, and The Journal will cheerfully supply the information.

THOUGHT BOOKER T. WAS THE PORTER

Washington, Aug. 30.—A Des Moines, Ia., special says:

Booker T. Washington was mistaken for the porter at a leading hotel in Fairfield, Ia., and asked to bring a pitcher of ice water to the room of a lady, who had been vainly working an electric bell for thirty minutes in trying to make her wishes known.

"Certainly, madam, with pleasure," said Washington, and proceeded to the hotel office, where he laughingly told the clerk what had happened.

The clerk made haste to inform the lady up stairs that she had made a big mistake. She was much chagrined over the affair and sent her regrets. Washington sent assurances that he was not offended in the least.

TOWN OF TRILBY WILL HOLD ELECTION

Trilby, Aug. 30.—In accordance with chapter 5094 of the laws of Florida, entitled an act to incorporate the town of Trilby, etc., there will be an election held on next Tuesday, September 5, for the purpose of electing a Mayor, a Marshal, who shall also be town Tax Collector; a Clerk, who shall also be town Tax Assessor; a Treasurer and five Councilmen.
